EXHIBIT A**PUBLIC INTEREST BENEFITS**

Under its Program Service and Time Brokerage Agreement ("LMA") with KCWB-TV, Inc., permittee of Television Station KCWB(TV), Kansas City, Missouri, The Hearst Corporation, licensee of Television Station KMBC(TV), Kansas City, Missouri, has been able to provide a variety of public interest benefits to the people of Kansas City and the surrounding area. These public interest benefits include the offering of new and diverse programming which was previously unavailable in the market.

KCWB is an affiliate of the Warner Brothers Network. Prior to the LMA and construction of KCWB, Warner Brothers was without an affiliate in the Kansas City market. KCWB currently provides approximately thirty-six (36) hours of children's programming per week. Under the new FCC Children's Programming Rules, which become effective in September, KCWB will broadcast approximately ten (10) hours per week of programming which will qualify as educational and informational children's programming.

In addition to its exceptional record of serving the needs of children, KCWB also serves as the flagship station for Kansas City Royals baseball, providing thirty-five games to the market each season. KCWB broadcasts a number of first-run syndicated programs that would otherwise be unavailable in the market. KCWB also provides several religious and informational programs and four hours of Bloomberg business news and financial information during the late-night/early morning hours.

KCWB's relationship with The Hearst Corporation and KMBC also allows KCWB to provide an additional outlet for KMBC's local news specials and weekly public affairs programming. Hearst is also a leader in developing local programs designed for children, teens, and young adults.

The LMA with KCWB has allowed Hearst to offer additional diverse programming to the public. The additional advertising inventory has allowed Hearst to better serve the needs of advertisers in Kansas City as well. None of these public interest benefits existed prior to Hearst's investment in its LMA with KCWB-TV, Inc.
